(the "**Company**") by (b) the total number of new shares of the Company resulting from applying the formula indicated in section 2 below. The Capital Increase will be governed by the following conditions:*

##### *1. Capital increase charged against reserves*

*The Capital Increase is carried out by issuing and placing into circulation the number of new shares of the Company to be determined resulting from the formula indicated in section 2 below (the new shares issued in execution of this resolution shall be collectively referred to as the "**New Shares**" and each of these, individually, as a "**New Share**").*

*The Capital Increase is carried out through the issue and circulation of the New Shares, which will be ordinary shares with a par value of twenty euro cents (€0.20) each, of the same class and series and with the same rights as those currently outstanding, represented by book entries.*

*The Capital Increase is entirely charged to the reserves provided for in article 303.1 of the Capital Companies Act. Due to the implementation of the Capital Increase, the Board of Directors will determine the reserve(s) to be used and the amount of such reserve(s) in accordance with the balance sheet serving as the basis for the Capital Increase.*

*The New Shares are issued at par, i.e. at a par value of twenty euro cents (€0.20), without share premium, and will be allocated free of charge to the Company's shareholders.*

*The Capital Increase may be implemented, within one year from the date of adoption of this resolution, by the Board of Directors without having to come again to this General Shareholders' Meeting, and in accordance with the legal and financial conditions at the time of implementing the Capital Increase, in order to offer the Company's shareholders a flexible and efficient remuneration formula.*

*In accordance with the provisions of article 311 of the Capital Companies Act, the possibility of incomplete allocation of the Capital Increase is provided for.*

## *2. New Shares to be issued in the Capital Increase*

*The maximum number of New Shares to be issued in the Capital Increase will be the number resulting from the application of the following formula, rounded down to the next lower whole number:*

$$NMAN = NTAcc / Num. Rights per share$$

*where*

*"NMAN" = maximum number of new shares to be issued under the Capital Increase;*

*"NTAcc" = number of shares of the Company in circulation on the date on which the Board of Directors agrees to carry out the Capital Increase; and*

*"Num. Rights per share" = Number of free-of-charge allocation rights necessary for the allocation of one New Share under the Capital Increase, which will be the result of applying the following formula, rounded up to the highest whole number:*

$$Num. Rights per share = NTAcc / Provisional num. shares$$

*where,*

*"Provisional num. shares" = Amount of the Alternative Option / Stock Price*

*For these purposes, "Trading Price" will be the arithmetic mean of the weighted average prices of the Company's shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges in the five (5) trading sessions prior to the day on which the resolution*

*of the Board of Directors to carry out the Capital Increase is adopted (in the event that the resolution of the Board of Directors is adopted in writing and without a meeting, the five trading sessions prior to the day on which the request to vote is sent to the Directors will be taken as a reference), rounded to the nearest thousandth of a euro and, in the event of half a thousandth of a euro, to the next higher thousandth of a euro.*

*In addition, the "Alternative Option Amount" is the market value of the Capital Increase and will be equal to 207,739,215.40 euros.*

### 3. Free-of-charge allocation rights

*Each outstanding share of the Company shall grant one (1) free-of-charge allocation right.*

*The number of free-of-charge allocation rights necessary to receive one New Share will be determined automatically according to the ratio between the maximum number of New Shares (NMAN) and the number of outstanding shares (NTAcc), calculated in accordance with the formula indicated in section 2 above. Specifically, shareholders will be entitled to receive one New Share for each number of free-of-charge allocation rights determined in accordance with the provisions of section 2 above (Num. Rights per share) that they hold.*

*In the event that the number of free-of-charge allocation rights required for the allocation of one New Share in the Capital Increase (Num. Rights per share) multiplied by the maximum number of New Shares (NMAN) results in a number lower than the number of shares of the Company in circulation on the date of execution of the Capital Increase (NTAcc), the Company (or an entity of its group that, if applicable, holds shares of the Company) will waive a number of free-of-charge allocation rights corresponding to its own shares equal to the difference between both figures, for the sole purpose of the number of New Shares being a whole number and not a fraction.*

*The free-of-charge allocation rights will be allocated in the Capital Increase to those who appear entitled to do so in the accounting records of Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal ("**Iberclear**") on the corresponding date in accordance with the applicable securities registration, clearing and settlement regulations.*

*The free-of-charge allocation rights will be transferable under the same conditions as the shares from which they derive. The free-of-charge allocation rights may be traded in the market during the period determined by the Board of Directors, with a minimum of fourteen (14) calendar days. During the trading period of the free-of-charge allocation rights of the Capital Increase, sufficient free-of-charge allocation rights may be acquired on the market and in the proportion necessary to subscribe for New Shares.*

### 4. Irrevocable commitment to acquire the free-of-charge allocation rights

*The Company will enter into an irrevocable commitment to purchase the free-of-charge allocation rights allocated in the Capital Increase in accordance with the provisions of section 3 above (the "**Purchase Commitment**").*

*Therefore, the Purchase Commitment will extend only to the allocation rights received free of charge by the Company's shareholders, not to the allocation rights purchased or otherwise acquired in the market, and will be in force and may be accepted for such period, within the trading period of the rights, as may be determined by the Board of Directors. For this purpose, it is resolved to authorise the Company to acquire such free-of-charge allocation rights (as well as the New Shares corresponding thereto), up to the maximum limit of the total number of rights to be issued, and in any event in compliance with the legal limitations.*

*The "Purchase Price" of each free-of-charge allocation right will be equal to the result of the following formula, rounded to the nearest thousandth of a euro and, in the case of half a thousandth of a euro, to the nearest thousandth of a euro:*

$$\text{Purchase Price} = \text{Stock Price} / (\text{Num. Rights per share} + 1)$$

*The Company is expected to waive the free-of-charge allocation rights acquired in application of the aforementioned Purchase Commitment, increasing the share capital exclusively by the amount corresponding to the free-of-charge allocation rights in respect of which no waiver has been made.*

*The acquisition by the Company of the free-of-charge allocation rights as a result of the Purchase Commitment may be made, in whole or in part, with a charge to the reserves provided for in article 303.1 of the Capital Companies Act.*

*5. Balance sheet for the operation and reserve against which the Capital Increase is charged.*

*The balance sheet used as the basis for the transaction is the balance sheet for the year ended 31 December 2021, duly audited and approved by this Ordinary General Shareholders' Meeting.*

*As indicated above, the Capital Increase will be charged in full to the reserves provided for in article 303.1 of the Capital Companies Act. Due to the implementation of the Capital Increase, the Board of Directors will determine the reserve(s) to be used and the amount of such reserve(s) in accordance with the balance sheet serving as the basis for the Capital Increase.*

*6. Representation of the New Shares*

*The New Shares to be issued will be represented by book entries, the accounting record of which is attributed to Iberclear and its participating entities.*

#### 7. Rights of New Shares

*The New Shares will confer on their holders the same voting and dividend rights as the Company's ordinary shares currently outstanding, as from the date on which the Capital Increase is declared subscribed and paid up.*

#### 8. Deposited shares

*Once the trading period for the free-of-charge allocation rights has ended, the New Shares that could not be allocated for reasons not attributable to the Company will be kept on deposit at the disposal of those who can prove their legitimate ownership of the corresponding free-of-charge allocation rights. Three years after the end of the aforementioned period for trading the free-of-charge allocation rights, the New Shares that are still pending allocation may be sold in accordance with the provisions of Article 117 of the Capital Companies Act, at the risk and expense of the interested parties. The liquid amount of the aforementioned sale will be deposited in the Bank of Spain or in the Caja General de Depósitos at the disposal of the interested parties.*

#### 9. Application for admission to trading

*It is resolved to apply for admission to trading of the New Shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges through the Stock Exchange Interconnection System (Continuous Market), expressly stating the Company's submission to the rules that exist or may be issued in relation to the Stock Exchange and, in particular, on trading, permanence and exclusion from official trading.*

*It is expressly stated for the record that, in the event that the delisting of the Company's shares is subsequently requested, the delisting shall be adopted with the same formalities as those applicable and, in such event, the interest of the shareholders who oppose the delisting resolution or do not vote for it shall be guaranteed, complying with the requirements set forth in the Capital Companies Act and concordant provisions, all in accordance with the provisions of the revised text of the Securities Market Act and its implementing provisions in force from time to time.*

#### 10. Execution of the Capital Increase

*The Board of Directors may resolve to carry out the Capital Increase, setting the date of its execution and its conditions in all matters not provided for in this resolution, within a maximum period of one year from the date of this resolution.*

*Notwithstanding the foregoing, if the Board of Directors does not consider it advisable to implement the Capital Increase within the indicated period in consideration of market conditions, the conditions of the Company itself and those deriving from any fact or event of social or economic significance, it may submit to the General Shareholders' Meeting the possibility of revoking the Capital Increase. Likewise, the Capital Increase will be null and void if, within the period of one year set by the Shareholders' Meeting for the implementation of the Capital Increase, the Board of Directors does not exercise the powers delegated to it, and must report to the first General Shareholders' Meeting held thereafter.*

*Once the period for trading the free-of-charge allocation rights in respect of the Capital Increase has ended:*

*(a) The New Shares will be allocated to those who, in accordance with the accounting records of Iberclear and its participating entities, were holders of free-of-charge allocation rights in the proportion resulting from the preceding paragraphs.*

*(b) The Board of Directors shall declare the trading period for the free-of-charge allocation rights to be closed and shall proceed to formalise for accounting purposes the application of reserves in the amount of the Capital Increase, the latter being paid up with such application.*

*Likewise, once the trading period of the free-of-charge allocation rights has ended, the Board of Directors shall adopt the corresponding resolution of: (i) amendment of the Company's Bylaws to reflect the new share capital and the number of New Shares resulting from the Capital Increase; and (ii) application for admission to trading of the New Shares resulting from the Capital Increase on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges.*

#### *11. Delegation for the execution of the Capital Increase*

*It is resolved to delegate to the Board of Directors, in accordance with the provisions of Article 297.1 a) of the Capital Companies Act, with the express power to subdelegate to the Executive Committee, the Chairman or the Chief Executive Officer, the power to determine the terms and conditions of the Capital Increase in all matters not provided for in this resolution. In particular, and by way of illustration only, the following powers are delegated to the Board of Directors, with express powers to sub-delegate to the Executive Committee, the Chairman or the Chief Executive Officer:*

*a) To indicate, in any case within the periods established in section 10 above, the date on which the Capital Increase approved by virtue of this resolution is to be carried out, the reserves against which the increase is to be charged from among those provided for in the resolution, as well as the reference date and time for the allocation of the free-of-charge allocation rights.*

*b) To set the exact amount of the Capital Increase, the number of New Shares and the free-of-charge allocation rights necessary for the allocation of New Shares in the Capital Increase, applying the rules established by this General Shareholders' Meeting for such purpose.*

*c) To set the duration of the trading period of the free-of-charge allocation rights, with a minimum of fourteen (14) calendar days.*

*d) To set the period during which the Purchase Commitment will be in force and meet the Purchase Commitment, paying the corresponding amounts to the holders of free-of-charge allocation rights who have accepted said commitment.*

*e) To declare the Capital Increase closed and executed, determining, if applicable, the incomplete allocation.*

*f) To redraft Article 5 of the Company's Bylaws, relating to share capital, in order to adapt it to the result of the implementation of the Capital Increase.*

#### **ITEM SEVEN OF THE AGENDA.**

**APPROVAL OF A SHARE CAPITAL REDUCTION THROUGH THE REDEMPTION OF A MAXIMUM OF 40,500,783 OWN SHARES REPRESENTING 5.521% OF THE COMPANY'S CURRENT SHARE CAPITAL. DELEGATION OF POWERS TO THE BOARD OF DIRECTORS (WITH THE EXPRESS POWER OF SUB-DELEGATION) TO ESTABLISH ANY OTHER CONDITIONS OF THE REDUCTION IN ALL MATTERS NOT PROVIDED FOR BY THE GENERAL SHAREHOLDERS' MEETING, INCLUDING, AMONG OTHER MATTERS, THE POWERS TO AMEND ARTICLE 5 OF THE BYLAWS RELATED TO SHARE CAPITAL, AND TO REQUEST THE DELISTING AND CANCELLATION FROM THE ACCOUNTING RECORDS OF THE SHARES TO BE REDEEMED.**

"1. Reduction of share capital through the redemption of both own shares currently held as well as own shares to be acquired through a buy-back programme for their redemption.

*It is resolved to reduce the share capital of Ferrovial, S.A. (the "**Company**") by the sum of the above:*

- (i) *1,300,156.60 euros, through the redemption of 6,500,783 own shares currently held as treasury stock, of 0.20 with a par value of €0.20 each, acquired under the authorisation granted by the General Shareholders' Meeting held on 5 April 2017 under item ten of the agenda, and within the limits provided for in articles 146 and related articles and 509 of the Capital Companies Act (the "Existing Treasury Stock"); and*

- (ii) *the aggregate par value, with the maximum indicated below, represented by shares of twenty euro cents (€0.20) par value that are acquired for redemption through a share buy-back programme for all shareholders, up to and including own 34,000,000 shares, which will be in force until 5 December 2022 (inclusive), and which has been approved by the Board of Directors at its meeting held on 24 February 2022, under the terms of: (i) Article 5 of Regulation (EU) No. 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse (the "**Regulation**") and Commission Delegated Regulation (EU) 2016/1052, 8 March 2016 supplementing the Market Abuse Regulation as regards regulatory technical standards on conditions applicable to buy-back programmes and stabilization measures (the "**Delegated Regulation**"); (ii) the authorisation conferred by the General Shareholders' Meeting held on 5 April 2017 under item ten of its agenda; and (iii) if approved, the authorisation to acquire own shares conferred by this General Shareholders' Meeting under item 13 of its agenda (the "Buy-back Programme" or the "Programme").*

*Pursuant to the resolution adopted by the Board of Directors at its meeting held on 24 February 2022, the Buy-Back Programme is subject to two quantitative limits in terms of the amount of the investment and the number of shares to be acquired:*

*(i) The maximum net investment of the Programme is €500 million (the "**Maximum Investment**"). For the purposes of calculating the amount of the Maximum Investment, only the purchase price of the shares shall be counted. Therefore, any expenses, commissions or brokerage fees that may be charged to the acquisition transactions will not be counted.*

*(ii) The maximum number of shares to be acquired under the Programme is 34 million, representing 4.635% of the Company's share capital as of the date of formulation of this proposed resolution.*

*Consequently, the maximum amount of the capital reduction (the "**Capital Reduction**") will be 8,100,156.60 euros, through the redemption of a maximum of 40,500,783 own shares with a par value of twenty euro cents (€0.20) each, representing a maximum of 5.521% of the share capital at the time of the adoption of this resolution. This figure is the sum of the aggregate nominal value of the number of own shares corresponding to the existing treasury stock and the aggregate nominal value of the maximum number of shares to be acquired under the Buy-Back Programme.*

*Pursuant to the following, the final amount of the Capital Reduction will be set by the Board of Directors (with express power of substitution) according to the final number of shares to be acquired from the shareholders within the framework of the Buy-Back Programme, in accordance with the aforementioned Maximum Investment and maximum number of shares to be acquired.*

## 2. Purpose of the Capital Reduction

*The purpose of the Capital Reduction is to redeem own shares, contributing to the Company's shareholder remuneration by increasing earnings per share. This operation is established as a nominal or accounting reduction, since its execution will not involve*

*either a refund of contributions to shareholders or amendment of the system for corporate equity availability, as set out below.*

### *3. Procedure for the acquisition of shares to be redeemed*

*The acquisition of the shares to be redeemed will be carried out under article 144 a) of the Capital Companies Act (case of free derivative acquisition of own shares) and under the terms of articles 338 to 342 of the same Act, as applicable, and article 12.2 of Royal Decree 1066/2007, of 27 July 2007. It shall also be carried out subject to the conditions of price and volume set forth in article 5 of the Regulations, and in articles 2, 3 and 4 of the Delegated Regulations. Under the aforementioned provisions, therefore, it is not necessary to make a public tender offer for the Company's shares acquired under the Buy-back Programme.*

*Pursuant to the provisions of the resolution of the Board of Directors adopted at its meeting held on 24 February 2022, the Company may acquire, in execution of the Buy-back Programme, a maximum number of 34 million own shares representing, at most, 4.635% of the Company's share capital as of the date of this resolution, an amount which is within the legal limit and that provided for in the authorisation for the acquisition of own shares conferred by the General Shareholders' Meeting held on 5 April 2017 under item ten of its agenda and, if approved, in the authorisation for the acquisition of own shares conferred by this General Shareholders' Meeting under item 13 of its agenda.*

### *4. Features of the Buy-Back Programme*

*Pursuant to the resolution adopted by the Board of Directors at its meeting held on 24 February 2022, the main features of the Buy-Back Programme are as follows:*

*1. The Company shall acquire, for redemption, own shares for a Maximum Investment of €500 million euros. Under no circumstances may the number of shares to be acquired under the Buy-Back Programme exceed 34 million shares, representing 4.635% of the Company's share capital at the date of preparation of this proposed resolution.*

*2. Shares shall be acquired in accordance with the price and volume conditions set forth in article 3 of the Delegated Regulation.*

*3. The Buy-Back Programme is expected to remain in force until 5 December 2022 (inclusive), notwithstanding that the Board of Directors, in the exercise of its own powers, may extend the date of its duration in view of the prevailing circumstances and in the interest of the Company and its shareholders. Likewise, the Company may terminate the Programme prior to the expiry of such term if its purpose has been fulfilled and, in particular, if prior to the expiry of the Programme the Company has acquired, under the Programme, the maximum number of shares indicated in section 1 above, or shares for an acquisition price reaching the amount of the Maximum Investment set forth in section 1 above, or if any other circumstance so advises.*

*It is hereby stated for the record that the complete details of the Buy-Back Programme were duly communicated to the market through the Spanish National Securities Market Commission, in accordance with the provisions of article 5.1 a) of the Regulations.*

5. Procedure for the reduction, the reserves to be drawn from and the time limit for implementation

*In accordance with the provisions of article 342 of the Capital Companies Act, own shares acquired by the Company under the Buyback Programme must be redeemed within one month after the completion of the Buyback Programme. Therefore, the Capital Reduction must be executed within the same period and, in any case, within one year from the date of adoption of this agreement.*

*In accordance with the provisions of article 340.3 of the Capital Companies Act, if the Company does not make acquisitions for the amount of the Maximum Investment under the Buyback Programme, it will be understood that the capital is reduced by the nominal value corresponding to the number of shares effectively acquired under the Buyback Programme.*

*The Reduction of Capital will not imply the return of contributions to the shareholders, given that, at the time of execution of the reduction, the Company will be the owner of the shares to be redeemed. The reduction will be made with a charge to free reserves, through the allocation of a reserve for redeemed capital for an amount equal to the par value of the redeemed shares, which will only be available with the same requirements as those required for the reduction of share capital.*

*Consequently, in accordance with article 335 c) of the Capital Companies Act, there will be no right of opposition by creditors under article 334 of the same act.*

6. Ratification of resolutions of the Board of Directors

*It is resolved to ratify the resolutions of the Board of Directors regarding the approval of the Buy-Back Programme and the setting of its terms and conditions, including the setting of the maximum number of own shares to be acquired under the Programme, the Maximum Investment and its period of validity, as well as the actions, statements and steps taken to date regarding the public communication of the Buy-Back Programme.*

7. Delegation of powers

*It is agreed to delegate to the Board of Directors, with express powers to sub-delegate to the Executive Committee, the Chairman or the Chief Executive Officer, the power to determine the terms and conditions of this agreement in all matters not expressly provided for herein. In particular, and by way of illustration only, the following powers are delegated to the Board of Directors, with express powers to sub-delegate to the Executive Committee, the Chairman or the Chief Executive Officer:*

*a. To amend the maximum number of shares that may be subject to buy-back by the Company and any other conditions of the Programme, within the limits established in this resolution and in the law, all in accordance with the provisions of Article 5 of the Regulations.*

*b. To proceed with the execution of the Capital Reduction within a period not exceeding one month from the end (anticipated or planned) of the Buy-Back Programme and, in any case, within the year following the date of adoption of this agreement.*

c. To set the final figure for the Capital Reduction in accordance with the rules set out in this agreement and based on the final number of shares acquired from shareholders under the Buy-Back Programme.

d. To declare closed and executed the Capital Reduction agreed establishing, for this purpose, the final number of shares to be redeemed and, therefore, the amount by which the Company's capital must be reduced in accordance with the rules established in this agreement.

e. To redraft Article 5 of the Company's Bylaws, relating to the Share Capital, in order to adapt it to the result of the Capital Reduction.

f. To carry out any actions, declarations or steps that may be necessary in relation to the provision of public information on the Buy-Back Programme and any actions that may be necessary before the National Securities Market Commission and the Stock Exchanges on which the Company's shares are listed, as well as before the regulators and governing bodies of the markets on which the share acquisition operations are carried out. To negotiate, agree and sign as many contracts, agreements, commitments or instructions as necessary or convenient in order to ensure a positive outcome of the Buy-Back Programme.

g. To carry out the necessary procedures and actions and submit the necessary documents to the competent bodies so that, once the Company's shares have been redeemed and the deed for Capital Reduction has been granted and registered in the Mercantile Registry, the redeemed shares are excluded from trading on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges, through the Stock Exchange Interconnection System (Continuous Market) and the corresponding accounting records are cancelled.

h. To carry out any actions that may be necessary or convenient to execute and formalise the Capital Reduction before any public or private entities and bodies, both Spanish and foreign, including the declaration, complement or correction of defects or omissions that may prevent or hinder the full effectiveness of the preceding agreements."

Minimum dividends not paid in a period shall not accumulate in successive years.*
- 3. Non-voting shares shall have the pre-emptive subscription right under the same terms as voting shares. However, said right can be excluded as provided by law and in these bylaws for voting shares.*
- 4. Successive issues of non-voting shares shall not require the approval of previous non-voting shareholders, through a separate voting or special Meeting.*
- 5. Non-voting shares shall recover voting rights if the Company fails to fully satisfy the minimum dividend for five consecutive years.*

2. *Prior to his/her appointment, the proxy must inform the shareholder in detail if there is a conflict of interest. If the conflict arises after the proxy is appointed and he/she did not warn the shareholder of its possible existence, the shareholder must be informed immediately. In both cases, if the proxy did not receive specific voting instructions for each of the items on which he/she must vote on behalf of the shareholder, the proxy shall abstain from voting.*

It shall also be made available to shareholders on the Company web page no later than the date of publication of the call to the Ordinary General Meeting which shall resolve on the annual accounts for the year referred to in the report."*

**ITEM NINE ON THE AGENDA.**

**9.1. Amendment of articles 7, 10 (except for section 4), 14, 24 (except for section 5) and 26, to regulate the power to hold general shareholders' meetings exclusively by telematic means under the new article 182 bis of the Capital Companies Act incorporated by Act 5/2021.**

*"Amend articles 7, 10 (except for section 4, which shall be the subject of another proposal), 14, 24 (except for section 5, which shall be the subject of another proposal) and 26 of the Regulations of the General Shareholders' Meeting, which shall henceforth be worded as follows:*

**Article 7. Notice of the General Shareholders' Meeting and form of holding it**

1. *Both Ordinary and Extraordinary General Shareholders' Meetings shall be called by publishing an announcement at least one month before the date scheduled for the*

*meeting, unless the law establishes another call period, in which case that period shall rule. The call of the meeting must be announced using at least the following media:*

- a) The Official Bulletin of the Mercantile Register or one of the most widely circulated newspapers in Spain.*
- b) The Spanish National Securities Market Commission's website.*
- c) The Company's website.*

*When the Company offers shareholders the effective possibility of voting by electronic means accessible to all shareholders, extraordinary General Shareholders' Meetings may be called with advance notice of at least fifteen days. The shorter call period will require an express agreement adopted by the Shareholders' Meeting by at least two-thirds of capital with voting rights and which will only be valid until such meeting is held.*

- 2. The notice shall indicate the name of the Company, the date, place and time of the meeting on first call, and the position of the person or persons publishing such notice, the form of holding the Shareholders' Meeting, all the items to be discussed, the date on which the shareholder must have his/her shares registered under his/her name to be able to participate and vote in the General Shareholders' Meeting, the place and manner in which the complete text of the documents and proposals can be obtained, the Company's website address where the information will be available, and any other issues which, where appropriate, must be included in the announcement pursuant to the provisions established in the law and the Regulations of the General Shareholders' Meeting. Furthermore, the announcement may also indicate the date on which the Meeting may be held on second call. At least twenty-four hours must elapse between the first and second meeting. To the extent possible, shareholders shall be advised of the greater probability of the Meeting being held on first or on second call.*
- 3. The call shall clearly and concisely describe all the items to be discussed. When drawing up the agenda, the Directors may take into account any suggestions or proposals made in writing by the shareholders which, in relation to the Company's activities or interests, it may deem of interest for the Shareholders' Meeting.*
- 4. The General Shareholders' Meeting may be held in the following ways: (i) solely in person; (ii) in person with the possibility of attending telematically; or (iii) exclusively by telematic means, i.e., without physical attendance of shareholders or their proxies, under the terms provided for in the applicable regulations. The Board shall state in the notice of the call the reasons justifying the holding of the General Shareholders' Meeting exclusively by telematic means. In all cases, shareholders may grant proxies and vote remotely in accordance with the provisions of the law, the Bylaws, these Regulations of the General Shareholders' Meeting and the implementing rules established by the Board of Directors at the time of the call.*
- 5. Shareholders representing at least three per cent of the share capital may request that a supplement be published in addition to the call of an ordinary General Shareholders' Meeting, including one or more items on the agenda, provided that*

*such new items are accompanied by a justification or, where appropriate, a reasoned motion. For such purpose, such shareholders shall indicate the number of shares they own or represent. Exercise of this right shall be made by certified notice served at the corporate domicile of the Company within five days following publication of the call. The supplement to the call shall be published at least fifteen days before the date scheduled for the General Shareholders' Meeting. Failure to publish within the term established shall be grounds for contesting the Shareholders' Meeting in accordance with the law.*

- 6. Shareholders representing at least three per cent of capital may, by the same deadline envisioned in the preceding section, present reasoned motions on items that are already on the agenda or which ought to be on the agenda for the scheduled General Shareholders' Meeting.*
- 7. The provisions of this article shall be null and void whenever a legal provision establishes different requirements for Shareholders' Meetings held to discuss certain items, in which case any specific provisions shall be met.*
- 8. The call shall mention the shareholders' right to examine the resolution proposals that are to be submitted to the Shareholders' Meeting for approval, the necessary or mandatory documents or reports and any others which, not being mandatory, are determined by the Directors in each case, at the registered office, to consult them on the Company's website and, as the case may be, to obtain them free of charge and immediately.*
- 9. When calling each General Shareholders' Meeting, the governing body shall examine whether means of remote communication are available to enable shareholders to vote and/or delegate their vote, duly guaranteeing the identity of the party exercising its right to vote or, in the case of a delegation, the identity of the representative and the represented party, as well as the feasibility of using those means.*

*If the governing body determines that such means are available and may be used, it shall include on the call a description of the specific means of remote communication that the shareholders may use to exercise or delegate their vote, including the instructions that must necessarily be followed in this regard.*

- 10. Subject to the foregoing, whenever the governing body is aware of the likely date on which the next General Shareholders' Meeting will be held, it may notify this particular on the Company's website or by any other means it deems appropriate.*

**Article 10. Right of attendance**

1. *All shareholders who, individually or grouped together with other shareholders, own at least one hundred (100) shares, may attend the General Shareholders' Meeting, including those who do not have voting rights.*
2. *Any shareholders who own less than one hundred (100) shares may group them until that minimum number is reached, for the purposes of attending and voting at Shareholders' Meetings, and such groups may be represented by any one of the shareholders in the group. A group shall be accredited by means of a written document signed by all of the shareholders involved, specifically for each Shareholders' Meeting. Otherwise, any of them may confer their representation at the Shareholders' Meeting to another shareholder with a right of attendance who may hold this right according to law, thereby grouping their shares together with that other shareholder.*
3. *In order to attend a General Shareholders' Meeting, shareholders must have their share titles entered into the corresponding register of book entries five days before the date on which the Shareholders' Meeting is to be held, and they must have the corresponding attendance card issued by the entity participating in the Company managing the securities registration, clearing and liquidation systems applicable in each case, by the Company or by whomever is expressly determined in each notice.*
4. *(...)*
5. *Shareholders with a right of attendance and their proxies may attend the General Shareholders' Meetings by telematic means, when so provided in the call, in accordance with the provisions of the law and the following paragraphs.*

*The governing body shall examine the technical means and legal grounds which enable and guarantee remote attendance, and when each General Shareholders' Meeting is called they shall assess the possibility of arranging attendance to the meeting through telematic means.*

*For such purpose, the governing body shall verify, among other issues, if each shareholder's identity and status are duly guaranteed, as well as the adequate exercise of their rights, the suitability of the telematic means and adequate progress of the meeting, all of the foregoing in conformity with what is established in these Regulations. In such event, if it is deemed appropriate, the notice shall describe the specific telematic means available to the shareholders, as well as the instructions they should follow in this regard. Furthermore, if so determined by the governing body, the notice may indicate that any interventions and resolution proposals to be made by those attending by telematic means be sent to the Company prior to the holding of the Shareholders' Meeting.*

6. *The holding of the General Shareholders' Meeting exclusively by telematic means shall be subject in all cases to that the identity and legitimisation of the shareholders and their proxies be duly guaranteed and that all attendees are able to participate effectively in the meeting by the means of remote communication provided, both to be able to exercise in real time the rights to speak, information, proposal and vote that correspond to them, and to follow the interventions of the*

*other attendees by the means indicated. To this end, the Board of Directors shall implement the necessary measures in accordance with the state of the art and the circumstances of the Company, especially the number of its shareholders. In addition to attending the Shareholders' Meeting by telematic connection, the members of the Board of Directors may attend the Shareholders' Meeting physically at the place from which it is broadcast.*

*The call shall provide information on the formalities and procedures to be followed for the registration and drawing up of the list of attendees, for the exercise by them of their rights and for the proper recording of the progress of the Shareholders' Meeting in the minutes. Attendance may in no case be made conditional upon registration being made more than one hour before the scheduled start of the meeting.*

*Responses to shareholders or their proxies exercising their right to information during the exclusively telematic General Shareholders' Meeting shall be governed by the provisions of the law. If the replies are submitted in writing within the legally stipulated period, they shall be published on the Company's corporate website.*

- 7. Any shareholders wishing to attend by telematic means or to vote by means of remote communication, if any of these possibilities are considered in the notice of the Shareholders' Meeting, must accredit their identity and shareholder status in the manner and within the term established by the governing body in the notice.*
- 8. In the event that attendance by telematic means is made possible, as agreed by the Board of Directors and included in the notice of call, if due to technical circumstances not attributable to the Company it is not possible to attend the General Shareholders' Meeting by the established means, or if during the Shareholders' Meeting there is an interruption in communication or the Shareholders' Meeting is terminated, this circumstance shall not constitute an unlawful deprivation of the shareholder's rights, without prejudice to the adoption of the measures required in each situation, including the temporary suspension or extension of the General Shareholders' Meeting if necessary.*

**Article 14. Planning, means and venue of the General Shareholders' Meeting**

- 1. The governing body may decide, considering the circumstances, to use means or systems enabling a greater and better following of the General Shareholders' Meeting or a wider dissemination of its development.*
- 2. Specifically, the governing body may:*
  - a) allow the shareholders to follow the course of the Shareholders' Meeting remotely via audio visual means;*
  - b) provide simultaneous translation facilities;*
  - c) establish the adequate measures for access control, surveillance, protection and security;*

- d) *adopt measures to enable disabled shareholders to access the room where the Shareholders' Meeting is held.*
3. *In the room or rooms where the Shareholders' Meeting is held, the attendees shall not use photograph or video cameras, recorders, cell phones or similar devices, except to the extent allowed by the Chairman. Control mechanisms established at the entrance may be used in order to enable the accomplishment of said measure.*
4. *The General Shareholders' Meeting shall be held at the place indicated in the notice of the call within the municipality in which the Company has its address. If the venue is not set forth in the announcement, it shall be understood that the Shareholders' Meeting will be held at the registered office of the Company.*

*If for any reason, the General Shareholders' Meeting has to be held in separated rooms, audiovisual means shall be used to allow the intercommunication among them in real time and therefore, the development as a single act. If the rooms are located in different places, the meeting shall be considered to be held at the main venue.*

*In such case, the main venue of the Shareholders' Meeting shall be located within the municipality of the registered address of the Company, without the need for the accessory places to be within it. Those attending any of the indicated places shall be considered, insofar as they meet the requirements set forth in these Regulations and Bylaws, as attending the General Shareholders' Meeting.*

5. *The General Shareholders' Meeting held exclusively by telematic means shall be deemed to be held at the registered office irrespective of the Chairman's location.*
6. *When entering the premises where the General Shareholders' Meeting is going to be held, or to the platform set up for telematic attendance, a copy of the text of the proposed resolutions to be submitted to the General Shareholders' Meeting, as well as the corresponding directors' reports shall be made available to the attendees. Any proposals that could not be incorporated to the rest of the documentation that is furnished are excepted from this obligation. Likewise, the shareholders upon request may have a copy of all the information that, by virtue of the legal provisions, has been made available to the shareholders since the notice of the Shareholders' Meeting.*

#### **Article 24. Voting of the proposed resolutions**

1. *Once the shareholders' interventions have finished and any information or clarifications have been provided in accordance with the provisions of the law, these Regulations and the notice of the General Shareholders' Meeting, the proposed resolutions on the items on the agenda and, if any, on any others which, by law, need not appear on the agenda, shall be put to vote, and the Chairman shall be in charge of deciding, with respect to the latter, the voting order.*

*It shall not be necessary for the Secretary to previously read out the resolution proposals the text of which has been made available to the shareholders at the beginning of the meeting, except where it is requested by any shareholder for any or all the proposals or when the Chairman deems it convenient. In any event, the*

*attendants will be told the item of the agenda to which the resolution proposal being subject to voting refers.*

- 2. Each of the items on the agenda will be subject to vote separately. However, if the circumstances make it advisable, the Chairman may decide that proposals corresponding to different items on the agenda be voted jointly; in such event the result of the vote shall be considered individually for each proposal if none of those present states that they wish to change their vote in respect of any of said items. Conversely, the minutes shall record the voting changes stated by each shareholder and the voting result corresponding to each proposal as a consequence of such changes. Any matters that are substantially independent must be voted on separately. In any case even though they are in the same point on the agenda, there will be a separate vote for the appointment, ratification, re-election or termination of each director; and, in the event of an amendment of the bylaws, each separate article or group of articles with their own autonomy.*
- 3. The process for the adoption of resolutions shall be carried out following the agenda provided in the notice of the Shareholders' Meeting. The resolutions proposed by the Board of Directors shall be subject to voting in the first place. In any event, once a resolution proposal is approved all the other proposals related to the same issue that are incompatible with it will automatically be excluded, not being subject to voting.*
- 4. As a general rule and notwithstanding any alternative systems that may be implemented if the Chairman so decides due to the conditions and nature or content of the proposal, the counting of votes for the resolution proposals shall be carried out as follows:*
  - a) Votes in favour shall be deemed those corresponding to all shares attending the meeting, whether present and by proxy, less (i) votes corresponding to shares whose holders or proxies indicate that they vote against, a blank vote or abstain from voting, by communicating or expressing their vote or abstention to the Notary Public (or, in the absence thereof, to the Secretary or to the staff assisting him/her) or in the manner provided for by the platform set up for telematic attendance, so that it can be placed on record; (ii) votes corresponding to the shares whose holders have cast a vote against, a blank vote or have expressly stated their abstention from voting, via the remote means of communication mentioned in section 6 below of this article; and (iii) votes corresponding to shares whose holders or representatives have left the meeting before the voting for the resolution proposal took place and who have recorded such fact with the Notary Public (or, in the absence thereof, with the Secretary).*
  - b) The communications or statements to the Notary Public (or, in the absence thereof, to the Secretary or to the staff assisting him/her) provided in the preceding section and related to the way a vote is cast or abstention may be carried out individually with respect to each resolution proposal or jointly for several or all of them, by stating to the Notary Public (or, in the absence thereof, to the Secretary or the staff assisting him/her) the identity and status (shareholder or representative) of whom is carrying them out, the number of shares referred to and whether the way the vote was cast or abstention, as the case may be.*

- c) *For the adoption of any resolution, the shares of shareholders that, under the law or the Bylaws, may not exercise their right to vote shall not be regarded as in attendance or represented by proxy. As such, these shares will be struck from the list of attendees for the purposes of calculating majorities.*

**Article 11. Presence of third parties at the General Shareholders' Meeting**

1. The members of the governing body and the Company's statutory auditor must attend the General Shareholders' Meetings that are held, but failure to attend by any of them for any reason shall in no event prevent a valid Shareholders' Meeting from taking place.

*When the ordinary General Shareholders' Meeting is held, the Chairman of the Audit and Control Committee shall inform the shareholders on the issues raised in relation to matters within the Committee's competence and, in particular, on the outcome of the audit, explaining how the audit has contributed to the integrity of the financial information and the role the Committee has played in that process.*

## **Article 16. Board of the General Shareholders' Meeting**

1. *The Board of the General Shareholders' Meeting shall be constituted at least by the Chairman and the Secretary of the General Shareholders' Meeting. It shall also include the members of the Board of Directors of the Company present at the meeting.*
2. *The General Shareholders' Meeting shall be chaired by the Chairman of the Board of Directors or, in the absence, impossibility of attending or indisposition thereof, by the Deputy Chairman of the Board. If there are several Deputy Chairmen, their numerical order shall apply and, in the absence thereof, the Shareholders' Meeting shall be chaired by the Director appointed for such purpose by the attendants.*
3. *The Chairman shall be assisted by the Secretary. The Secretary of the Board of Directors shall be the Secretary of the General Shareholders' Meeting and, if he/she does not attend in person, the Deputy Secretary will take his/her place. In the absence of both of the foregoing, the Secretary shall be the person who, being proposed by the Chairman, is chosen by the attendants.*
4. *If for any reason, while the General Shareholders' Meeting is being held, the Chairman or the Secretary must leave the meeting, the replacement in the performance of their duties shall proceed in accordance with the provisions of the two preceding sections.*
5. *The Chairman, even when he/she is present at the meeting, may entrust the control of the discussions to the Director he/she deems appropriate. Likewise, the Chairman may be assisted by any expert that he/she considers convenient.*

## **Article 18. Register of shareholders**

1. *At the place and on the day scheduled for the General Shareholders' Meeting to be held, at first or second call, and up to two hours before the time scheduled for the meeting to begin (unless otherwise specified in the announcement of the notice), the shareholders or their valid representatives may present the staff in charge of the Register of Shareholders their respective attendance cards and, as the case may be, any documents verifying the representation conferred. #### **Article 19. Drawing up of the list of attendees**

- 1. Upon the shareholder registration process has been completed as indicated in the preceding article, and if a sufficient quorum is ascertained, before proceeding with the agenda, the Secretary of the General Shareholders' Meeting shall draw up the list of attendants, stating the nature of each one or representation and the number of shares, whether their own or of others, that they hold.*

*At the end of the list the number of shareholders present (indicating those who have cast their vote remotely) or represented shall be determined, as well as the amount of the capital they hold, specifying how much corresponds to shareholders with the right to vote.*

- 2. At the end of acceptance of all attendance cards and representations, the shareholders or their representatives, as the case may be, who arrive at the place where the General Shareholders' Meeting is held after the scheduled time shall be given an invitation so that, if they wish to, they may follow the development of the meeting (in the same meeting room or in an adjoining room, if it is deemed appropriate by the Company in order to avoid confusions during the Shareholders' Meeting); however, these shareholders and representatives (including the represented parties) shall not be included on the list of attendants.*
- 3. The General Shareholders' Meeting shall begin at the place, on the day and at the time scheduled, at first or second call, as the case may be, once the Board is established and the list of attendants is drawn up.  
First of all, the Secretary shall confirm that the meeting is legally called, by reading the announcement or by providing a summary thereof. Next, the Secretary shall read out the global data resulting from the list of attendants, specifying the number of shareholders with a right to vote who are present, either in person or, as the case may be, through telematic means, and the represented parties attending the meeting, the number of shares held by the former and the latter, the percentage of capital they represent, specifying what is held by shareholders with a right to vote. Thereafter, the Chairman shall declare the General Shareholders' Meeting as validly held at first or second call, as the case may be, and shall determine if they can go on to consider all of the items comprised on the agenda or, in the absence thereof, if the Shareholders' Meeting must be limited to just some of them.*

*Once the Shareholders' Meeting is declared validly held and notwithstanding the right to make as many declarations are deemed appropriate at the intervention turn, all of the shareholders present may request the Notary Public (or the Secretary, in the absence of a Notary Public) to record in the minutes of the*

*Shareholders' Meeting any reservations or opposition regarding the valid incorporation of the Shareholders' Meeting or the global data included on the list of attendants that was previously read out, without this entailing a delay, interruption or deferral in the normal course of the meeting.*

- 4. If the list of attendees is not included at the beginning of the minutes of the Shareholders' General Meeting, it may be attached thereto on an annex signed by the Secretary with the approval of the Chairman.*

*A list of attendees may also be provided in a file or in a computerised medium. In these cases, the minutes shall record the means used and the sealed cover of the file or medium shall include the necessary verification of identification, signed by the Secretary with the approval of the Chairman.*

#### **Article 22. Right to information during the Shareholders' Meeting**

- 1. During the intervention turn, shareholders may orally request the information or explanations they consider necessary on the items included on the agenda, or about the information available to the public furnished by the Company to the National Securities Market Commission since the last Shareholders' Meeting was held, or about the auditor's report. To do so, the shareholder must first identify himself/herself pursuant to the provisions in article 20 above.*

- 1. The General Shareholders' Meeting may agree to extend the meeting over one or more consecutive days, when so proposed by the Directors or by a number of shareholders representing at least one fourth of the share capital attending the meeting. Regardless of the number of sessions, the Shareholders' Meeting shall be considered as one, drawing up only one set of minutes for all of the sessions. Therefore, it shall not be necessary to repeat during the following sessions the fulfilment of the requirements set forth by Law, the Bylaws or these Regulations for its valid constitution. If any of the shareholders included on the record of attendance do not subsequently attend the following sessions, the majorities*

*required for the adoption of resolutions shall still be determined at said meetings based upon the data arising from that record.*

2. *Exceptionally and in the event of disturbances that may significantly affect the good course of the meeting or any other unusual conditions that may temporarily prevent or hinder the normal course of the meeting, the Chairman of the Shareholders' Meeting may decide the adjournment during the appropriate period of time, with the purpose of assuring the reestablishment of the necessary conditions for its continuance.
